

THE RAMS HORN

VOLUME 32, ISSUE 8

AUGUST 2011

**The Official Newsletter of the Rainbow Aero Modelers Society
AMA #1264**

Operating for Public Benefit at the Milwaukee County RC Flying Field
South 70th and West Oakwood Road

Our next meeting is:

Wed, August 3rd

7pm at

The Milwaukee County
R/C Field

A look at how the R.A.M.S. have grown...

From looking at the cars, I would guess this is from the late 1980's. Notice the wooden snow fence and missing canopies, two larger sheds, bleachers and pilot stations?

This photo was taken in early summer 2010. All upgrades and improvements are in place. Many of these changes occurred in the last four years.

"Old Elmer is positive there's going to be a model fuel shortage, and he wants to be ready for it!"

Come to the next meeting to help plan for our future. Wednesday, August 3rd, 7pm at the Milwaukee County R/C Field!

Our President reports...

“How do you like Florida in Wisconsin? Well, that’s how it’s been, but then, you don’t need me telling you that.

So, as we wait for some better weather, we’re complaining and sweating it out. Truth is, it’s no fun flying or even being out in this blistering heat.

At the August meeting, I’ll be talking about the future of the Rams and those leaving as officers at the end of their term. So, this is a good meeting to attend.

Until then, stay cool and hope for some relief from this heat!”

Take Care,
Tom Ryan
The Prez

Our Vice President reports...

“Thanks to everyone who came out to our club picnic . We were blessed with a beautiful day and light wind, what more can you ask for. It was great to see members out flying and having fun. That is, after all, the purpose of this club .

I want to thank Tom Young and his wife for all of their hard work by getting, cooking, and serving all the food. Without them, we all go home hungry .

I hope to see you at the field!”

Shawn Thomas
