

Next Rams Meeting

April 3rd 2013

MARCH 15TH 2013

The Rams Horn

Rams Swap and Sell Meet

This next meeting will have a unique theme. As a Rams member you'll be able to bring in something you'd like to sell or swap or just look at something you may want to buy? Either way, this is a great opportunity for you as a Rams member to move an item that's just been gathering dust. So if you got it and want to sell it or trade it, the April meeting would be a great place to do that.

Field Report. Wet! Well why not, the snow is melting and the creeks rising, but then that happens every year, so that's nothing new. Once we get a warm spell, the field will dry out and we'll be up and flying and having fun, we just need a little warm weather!

Editor Wanted

The Rams are looking for a newsletter editor. This is a fun position because you get to be Clark Kent without the Cape, that's of course optional.

So if you like to write, and like to share your talent with the club, then the officer's would like to talk to you about the position.

There are perks that come with the job to, so you may want to investigate the plus side of being our club editor.

If you're interested let one of the officers know.

How Are They?

A lot of us know some of the older guys like, Art, Leo and Floyd but we don't know how they're doing? Perhaps as a gesture of friendship it may be a good idea to pick up the phone and give them a call. I'm sure these life-long members would like to hear from you.

So in the spirit of fellowship, take a minute to make a call.

How is our hobby doing?

Well as expected, the numbers nation wide have fallen away due to mainly age and health. As our longtime members dwindle, the rush to fill those vacancies by more youthful members isn't keeping pace. It seems that organized sports and video gaming dominate what once was an open arena where RC hobbies had more of the market share than it does now.

The AMA still beats the drum of attracting youth into the hobby, but the reality of attracting new members into RC flying will be those who are 40+ not 16.

Special points of interest:

- Need help with your building project?
- Looking for an instructor?
- Do you have questions on the club?
- Then come to the next meeting and we'll be more than happy to fill in the blanks and get you started in the right direction.
