

Next Rams Meeting

May 1st 2013

JEFF's First Landing

FLYING TIME AT LAST!

Field Report. Wet!
BUT... the field is drying out very rapidly. On Friday morning I took this picture

and the water that once covered the field is now simply small pockets that by Saturday should be nothing more than soft grass with perhaps small puddles and those should dry up very quickly with the strong South winds and warm temperatures. It's flying time at last.

Editor Wanted

The Rams is looking for a newsletter editor. This is a fun position paying big I'O'U's from Jeff that run into the thousands (of I.O.U's, not actual money.)

So if you like to write and like to share that talent with the club membership, then the officer's would like to talk to you about the position.

Don't forget, there are real perks that come with the job too, so you may want to investigate those benefits to see if being a club newsletter editor is something that you'd enjoy and would benefit you as well. Check it out!

SWAP OR SELL

The Swap or Sell at the April meeting went very well. Two out of three airplanes that were there for sale... sold!

The idea of swapping or selling airplanes, accessories or parts among the members seems to have a positive \$\$\$ affect on those who attend the meetings.

So at the next meeting bring something you'd like to sell, swap or donate. Who knows, you may find something you like or something you don't use and would like to sell turning it into cash.

Either way it's fun and may help you out?

Show and TELL ALL on "RC JETS!"

Our beloved president Jeff (what's his name) has agreed to bring his RC jet in for the next show and tell. He'll explain the workings of the turbine, the electronics and systems that make the jet perform.

In addition, Jeff's agreed to bring his FAA pilot's license to show the members what a FAA pilots license looks like up close and personal. Many members have never seen an actual license. Jeff will talk about what's needed to fly full-scale airplanes as opposed to RC aircraft. It should be a fun filled show and tell. Don't miss it.

- *Need help with your building project? We're here to help!*
- *Looking for an instructor? We have them, ready and willing to get you started flying, just ask!*
- *Do you have questions on the club? Simply show up at the meeting and ask any questions you like, hopefully the leadership can answer any questions or concerns you have.*

APRIL 27TH 2013
