## Monthly Recap

# April in Review

Last month, we held probably our first ever virtual meeting over Zoom and it went well. We had roughly 17 participants, which is about the usual number of people that attend the monthly meeting. While it was sad not to physically see everyone and also not get a chance to win the raffle, it was great to get caught up on what projects are being worked on.

At the last meeting we discussed some more about the proposed battery charging stations, but did not have a vote to approve the funds in case there are comments from anyone who was not able to attend the virtual meeting.

We again saw some heavy rains in May, about 4 inches in 48 hours. There were fish on the East side by the heli area and presumably a goose left us an egg in the middle of the field.

## At the Field

## “May” Be Flying

The month of May has finally brought us some warm weather and a chance to see some friends at the field.

Thanks to everyone that helped take down the SWARM shelter this month!

▲ **Dick Cook** made several perfect flights on his electric Great Planes PT-19.

## At the Field

# May Flying Continued...

▼ **Mike McCullough** flies his Twisted Hobbies Edge 540 on short (i.e. flooded) runway days. Amelia helps retrieve a Night Radian glider that landed on the field.

▼ **Bob Glowienka** fuels up a plane he found at the Flying Electrons swap meet.

▼ **Jim Myszewski** demonstrates some touch and goes with his Decathalon.
