The RAMS Horn

Monthly Recap

July in Review

Important Reminder:

SWARM is having a rotorcraft-only friend fly on August 21st, with a rain date of August 22nd. During this day, the entire RAMS field is reserved for rotorcraft only. Bring your heli and come join the fun or just stop by to watch.

One less plane/heli-grabbing tree at the field!

In other news, the new RAMS Clubhouse has arrived at the field. I'm sure we will hear more about this project at the next meeting now that the work trailer has arrived.

Also to the left, here is the downed tree by the SWARM shelter that fell due to the storms on the 28th/29th.

Monthly Recap

July in Review Continued

There's so many events on the left, that there's not room to mention Airmeet 2021. Once again, Horizon Hobby will be streaming live to you, where the airfield in Donauwörth, Bavaria, into the absolute RC hotspot. The stream starts on 08/14/2021 at 6AM. Follow the link for more information:

<https://www.horizonhobby.com/airmeet.html>

Here are some more pictures from the RAMS Field:

John Cseri assembles his scratch-build Spirit of St. Louis plane.

Great to see you again!

Fred Socha (left) returns to the field one day flying a Timber and the next day this Extra 300. **Todd Schmitt** (right) very smoothly lowers his landing gear right on final and makes a great landing. **Tom Young** (not pictured) also flew his Hanger 9 Alpha 40, but my pictures came out blurry as it was a little dusky at the time. Sorry!

Jeff Wisneski flew his HobbyKing B-17 at the Astowings Fun Fly in Grafton. It's a very scale looking plane. Jeff has also been getting some time on his new Extreme Flight Extra 300.
